

Practising Company Secretaries Firm

*Your Trusted Corporate Legal and
Business Advisors*

Our Mission

To help businesses navigate legal, financial, and strategic challenges with expert advice. Our goal is simple—make your business stronger, more efficient, and fully compliant, so you can focus on what you do best.

Our Vision

To be the most trusted and sought-after corporate advisory firm in India, providing end-to-end solutions that drive real results.

About us

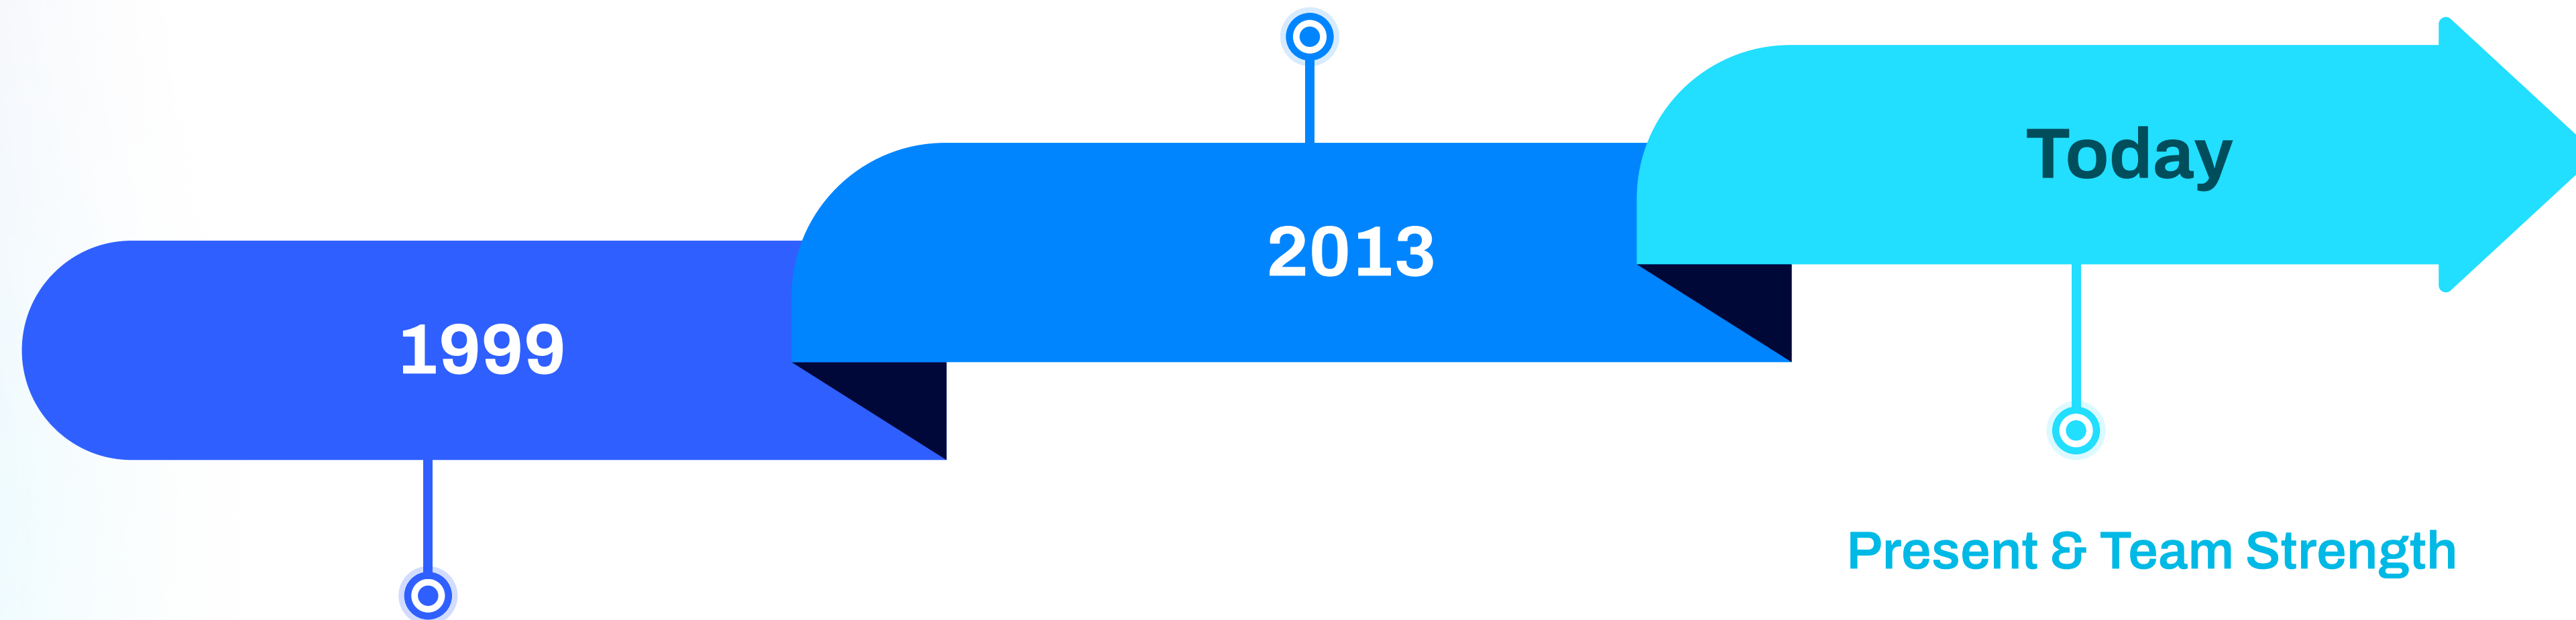

Founded in 1999, Chethan Nayak and Associates (CNA) has established itself as a premier corporate legal and business advisory firm. What began as a sole proprietorship in a modest 125 sq. ft. rented office in Mangaluru has grown into a thriving firm with a 1,500 sq. ft. office in the heart of the city. With our second office in Bengaluru's Lavelle Road, CNA continues to provide top-tier advisory and compliance services to businesses across India and beyond.

At CNA, we believe in providing seamless solutions under one roof, so entrepreneurs can focus on growing their businesses while we handle all their legal, compliance, and advisory needs.

Our Journey

Expansion & Partnership

In 2013, CNA became a partnership firm with CS Ujala Rani Bhandary joining as a partner. This transition enabled us to serve businesses beyond Mangaluru and cater to growing legal needs across the country.

Founding & Growth

CNA was founded by CS Chethan Nayak (BBM, FCS, LLB) with the goal of making legal and business advisory services accessible. What began as a small company law practice soon expanded into tax litigation, intellectual property rights, and corporate agreements.

Present & Team Strength

Today, CNA operates with a 25-member strong team, delivering complete corporate legal solutions. With modern offices and a nationwide reach, we continue to simplify legal complexities for businesses.
